

CLIFFSIDE PARK PUBLIC SCHOOLS

Special Education Parent Advisory Committee/Group

The New Jersey Administrative Code indicates that the Board of Education shall establish a parent advisory group in order to provide input to the district concerning students with disabilities, NJAC 6A:14-1.2(h).

This advisory group is designed to be led by parents to facilitate discussion about policies, programs and practices that may impact services and supports for children with disabilities and their families. This group may also meet to discuss health, safety and other current topics concerning children with special needs.

If you are interested in facilitating this group or participating in this group please contact me at: jrusso@cliffsidepark.edu

Thank you,

Jenna Russo
Director of Special Services
