- Amplify learning by providing more challenging texts
- Allow G & T students research the roles of all European countries involved in World War I
- Create Google Slide presentation on pertinent topics from within the unit
- Allow G & T students to identify and define higher level terms within the unit of study
- Students will research and present their findings about the various battlefield strategies used during World War I

- Use supplemental text (beginner World History book) to list the different weapons used in World War I
- Assign an English speaking mentor to help student with language difficulties
- Have ELL teacher assist in appropriate modifications and accommodations for all assessments
- Allow ELL students to identify European countries on a map that were involved in World War I
- Use information from the WIDA testing to help facilitate individualized assessments for ELL students
- Allow student access to native dictionary to help with the understanding of vocabulary within the unit

- Review student individual educational plan and/or 504 plan for instructional, assessment, and environmental supports
- Students will be given flexibility with assessments (option of having alternative assessments in lieu of assessments that non-IEP/504 students are taking)
- Students will be able to create a Google Slide presentation that examines the causes of World War I
- Text to speech
- Students will be provided with graphic organizers that closely examine pre and post-war Europe
- Students will have access to maps, illustrations, and other materials that will allow them to comprehend the material in a non-literacy setting
- Students will not be penalized for spelling and grammar errors
- Teachers will meet with collaborative teacher to discuss individual modifications for each student
