

## REGISTRATION FORM

(Tear off this form)

Student Name \_\_\_\_\_

Grade in September \_\_\_\_\_

Parent Name \_\_\_\_\_

Ad-  
dress \_\_\_\_\_

Home  
Phone \_\_\_\_\_

Cell  
Phone \_\_\_\_\_

Email Address \_\_\_\_\_

Permission to walk home? \_\_\_\_\_

Emergency Phone \_\_\_\_\_

I am registering for the following courses:

1. Course Name \_\_\_\_\_

Week of \_\_\_\_\_

2. Course Name \_\_\_\_\_

Week of \_\_\_\_\_

3. Course Name \_\_\_\_\_

Week of \_\_\_\_\_

I have enclosed payment in full in the amount of \_\_\_\_\_.

### Send FORM AND PAYMENT TO:

Mrs. Linda Ludwikowski  
After School Coordinator  
School No. 6,  
440 Oakdene Ave, Cliffside Park, NJ

### Program Guidelines

1. **NO refunds** will be made for any course unless the course is canceled. Please understand that we hire staff and order materials based on projected enrollment well in advance of the start date of a course.
2. In the event a course is canceled due to insufficient enrollment, students will be refunded the entire registration fee.
3. Payment in FULL MUST accompany all applications: Please make checks or money orders payable to: Cliffside Park Board of Education.
4. Parents are responsible for dropping off and picking up their children on time. A \$10 charge will be assessed for every late pickup.
5. Courses will be held at the Middle School and High School.
6. Inappropriate behavior by students will not be tolerated. Students who are asked to leave the program because of behavior will not have their registration fees returned.
7. Students are to report to location and date indicated in course description.

**Our programs are designed to teach, challenge, motivate and excite our students by keeping them active and providing self-discovery and hands-on experiences.**

**All of our instructors are certified teachers and are experts in their field of instruction.**

**REGISTRATION DEADLINE:**

**JUNE 14, 2019**

# CLIFFSIDE PARK SCHOOL DISTRICT

## SUMMER ENRICHMENT PROGRAM

**A TOTAL SUMMER EXPERIENCE!!!!  
2019**

**Summer Enrichment**  
A fun, relaxing program  
open to all children entering  
grades 3 through 12  
in September 2019

## WEEK of JULY 22

### What's Cooking? (FEE: \$50)

Students will prepare different foods each day. They will learn to read recipes, measure and prepare ingredients and cook healthy, nutritious foods for breakfast, lunch and dinner. Students will also create and maintain a cookbook which can be used at home.

Instructor: Mrs. Sculco/Ms. Abbott Site: School 6  
Date: July 22—26 Grades 3-5 Room Cafeteria  
Date: Aug 12– 16 Grades 5-8 9am—12pm

### Sign Language (FEE: \$50)

This course will introduce the fundamental elements of American Sign Language. Emphasis will be based on the development of basic expressive & receptive skills.

Instructor: Ms. Biscocho Grades: 3rd- 6th  
Date: July 22—26 Room 215  
Site: School 6 9am - 12pm

### Public Speaking & Presenting (FEE: \$50)

This course will provide students with an opportunity to develop skills that will teach them to become powerful communicators. Students will engage in activities which will teach the art of persuasion using technology to make an impact by communicating ideas. Students will make presentations and deliver information more fluently and effectively.

Instructor: Mr. Ventura Grades: 3rd –8th  
Date: July 22– 26 Room 112  
Site: School 6 9am-12pm

### Intro to Coding/ Web Design (FEE: \$50)

Students will learn the basics of computer coding and web design. Students will plan web pages by writing HTML from scratch. They will enhance their page with the use of text formatting, graphics, images, multimedia and produce a functional, multi-page website.

Instructor: Ms. Olifer Grades: 4th—8th  
Date: July 22– 26 Room 110  
Site: High School 9am - 12pm

### Lego Robotics (FEE: \$50)

This hands-on course introduces a variety of challenging activities that prepare students for a variety of STEM topics, regardless of skill level or prior knowledge. Students will demonstrate proficiency in building/engineering projects, programming games, etc. Students will have the opportunity to work in the fields of robotics, electronics and computer programming.

Instructor: Mr. Guerra Grades: 6th—8th  
Date: July 22– 26 Room HS Library  
Site: High School 9am - 12pm

## WEEK of AUGUST 12

### Tech Workshop/ Drones (FEE: \$50)

Introduction to Drones is a course designed to introduce students to the many functions of drones for both utility and entertainment. Students will practice flying via simulators, learn soldering and 3D printing and finally pilot actual drones through fun challenges.

Instructor: Mr. Guerra Grades: 4th— 8th  
Date: Aug 12–16 Room HS Library  
Site: High School 9am—12pm

### Ceramics (FEE: \$50)

Students will learn about ceramic building. They will create pots, plates, tiles and figurines using different ceramic techniques. Each student will complete at least one ceramic project to take home. Students taking Advanced Ceramics will create more complex pieces.

Instructor: Mrs. Vitale Site: School 6  
Date: Aug 12—16 grades 3-6 Room 208  
Date: Aug 19—23 grades 7/8 9am—12pm

### Gaming (FEE: \$50)

Students will learn how to create basic programs with loops and events. This course will teach students to collaborate with others meaningfully, investigate different problem solving techniques and learn about internet safety. Students will create their own customized game.

Instructor: Ms. Olifer Grades: 4th—8th  
Date: Aug 12—16 Room 110  
Site: High School 9am - 12pm

### Musical Petting Zoo (FEE: \$50)

The world of music is open to you! This summer you can try out a whole bunch of new instruments to see which one fits you. We'll learn about saxophones, trumpets, violins, cellos, drums, percussion, clarinets, flutes, guitars, the piano and even do some singing. You can be a musician too! This is your start!

Instructor: Mr. Nelson Grades: 3rd—8th  
Site: School 6 Room Band Room  
Date: Aug 12—16 9am-12pm

### Science Experiments (FEE: \$50)

Join us on an exciting adventure creating glop and other fascinating scientific concoctions! Students will discover the secrets of kitchen science, light, physics and more by experimenting with various materials and finding out how things work. Students will conduct and observe experiments, investigate reactions, create scientific projects and learn how science is all around us.

Instructor: Mr. Helm Grades: 3rd - 7th  
Date: Aug 12—15 Room 211  
Site: School 6 9am-12 pm

### Marine Life /Shark Dissections (FEE: \$70)

Students will learn the basics of marine biology, dissect a shark, and take a full day trip to the beach to explore organisms that can be captured with a seine net.

Instructor: Mr. Helm Grades: 4th— 8th  
Date: Aug 12—16 Room 211  
Site: School 6 12pm— 3pm

## WEEK of AUGUST 19

### Space S.T.E.M. (FEE: \$50)

In this course students will be challenged to work on several engineering projects including air powered rockets, water filtration systems, a payload lifting system, and a space lander. Students will aim to take a given problem, analyze the criteria and restraints and design a solution.

Instructor: Mr. Van Gyzen Grade: 4th—8th  
Date: Aug 19 - 22 Site: School 6  
9am-12 pm

### Board Game Design (FEE: \$50)

This class that allows students to design and build their own board game. Students will design, build and play games while studying what makes them fun. Topics will include luck vs. strategy, reward systems, probability, 3D printing and resource management. Students will have time to both play and explore board game genres and work on their own designs and construction.

Instructor: Mr. Guerra Grades: 5th— 8th  
Date: Aug 19—23 Room HS Library  
Site: High School 9am—12pm

### Engineering to New Heights (FEE: \$50)

This course is designed to provide students with a broad exposure to the variety of engineering disciplines such as aerospace, civil and environmental. This is a hands-on course in which students will develop an original engineering design. Students will think as scientists as they design towers and bridges, pilot balloons and parachutes and design a solar cooker for a trip into space!

Instructor: Ms. Matone/ Ms. Pesa Room 211  
Grades: 5th—8th Site: School 6  
Date: Aug 19—23 9am-12pm

### Forensics (FEE: \$50)

The main focus of this course will be to emphasize the value of evidence at a crime scene and how this related evidence has become known as the crime laboratory. This course combines basic theory and real laboratory experiments.

Instructor: Ms. Fanelli Grades: 3rd—8th  
Site: High School Room 123  
Date: Aug 19 –23 9am-12pm

### Science is Magic (FEE: \$50)

Students are often most fascinated by discrepant events - activities with unexpected outcomes. While these events may seem like magic they can often be explained with simple scientific concepts. During this class students will learn the science behind a variety of discrepant events. Each day will focus on different science concepts such as density, acid-base indicators, and physical changes. Experiments will include demonstrations, hands-on experiments, and even some that students can take home to dazzle their family. Student success will be measured by their ability to complete the various tasks.

Instructor: Ms. Fanelli Grades: 3rd—8th  
Site: High School Room 123  
Date: Aug 19 –23 12pm—3pm
