Delta Dental is proud to have been selected as your dental carrier. Below you will find two ID cards for your dental plan.

Delta Dental is the largest provider of dental care benefits in the country. The national Delta Dental network of participating providers consists of more than 100,000 dental offices, four out of five dentists in the country.

HOW TO USE YOUR PROGRAM

Visit your dentist. If you do not have a dentist, there is a directory available with your plan administrator listing participating dentists. To obtain a customized listing of participating dentists within your geographic area, you may call 1-800-DELTA-OK. We will mail the list to your home or you may visit our Web site at www.deltadentalnj.com to obtain a list of dentists in your area.

When making your first dental appointment, tell your dentist that you are covered under this Delta Dental program. Give your dentist your group's name and number along with your ID number. Your dependents, if covered, should give your ID number.
