Michael J. Romagnino  
Superintendent of Schools

The Municipal Complex  
525 Palisade Avenue  
Tel: 201-313-2300

March 2022

Dear Parent/Guardian;

The Cliffside Park School District will be following Governor Murphy's recent directive allowing for staff, students and visitors the option of **NOT** wearing a mask while in a school building or office beginning Monday, March 7th. Students and staff riding our buses will continue wearing masks at this time. **Also, students and staff who return from quarantining or COVID after 5 days at home may be required to wear a mask for days 6-10 while in school.**

There is always the possibility of requiring masks in the future if there is a school or community COVID outbreak.

Travel guidelines, as per NJ Department of Health, remain in effect until further notice;

### **Travel Guidelines:**

Vaccinated (with Booster) - Self monitor no testing required.

Unvaccinated (no Booster) - Test 3-5 days after travel. Even if negative, self-quarantine for 5 days, return day 6. If no testing, remain home 10 days and return.

Family Member Traveling - If a family member travels, unvaccinated or vaccinated students may attend school but parents should monitor any symptoms.

Please continue to visit our website ([www.cliffsidepark.edu](http://www.cliffsidepark.edu)) or our Instagram account for up-to-date information regarding COVID guidelines.

If you have any questions, please contact your school principal or my office.

Sincerely,

Michael J. Romagnino
